Our PREMIER Plus™ Hotel/Motel Telephones serve the hospitality industry in style. These tried and true models now come with a volume control handset. Available in either a message waiting model or a combination data jack and message waiting set, these phones are built tough to give years of reliable service. Both models have soft-touch DTMF dials and are fully hearing aid compatible. For all your telephone needs, see the other models in the complete family of PREMIER phones—America's best phone value.

Every PREMIER Plus Hotel/Motel Single Line telephone is quality assured—backed by a five year limited warranty. PREMIER Plus Hotel/Motel Single Line Telephones undergo rigorous lab testing before earning the PREMIER brand. They are also FCC registered and UL listed.
