Hand Cleaner Towels

What are they? How do they work?

PREMIER Hand Cleaner Towels are a unique patented waterless hand-cleaning system. Combining both a high-quality liquid hand cleaner and a heavy-duty, non-scratching, abrasive hand-cleaning towel. This patented towel construction is comprised of a polymeric non-woven soft layer, to which thousands of polymeric deep cleaning scrubbers are permanently bonded to one side of the surface. A special microperforation pattern is added to hold an effective liquid contaminate dissolving agent and soil lifters that dry quickly.

Who uses PREMIER Hand Cleaner Towels? And where?

Many workers wipe their hands up to 100 times a day without actually cleaning their hands. PREMIER Hand Cleaner Towels can quickly disinfect hands of mechanics, technical service and industrial workers right on location.

How do PREMIER Hand Cleaner Towels compare to other products?

It is difficult to compare PREMIER Hand Cleaner Towels due to their unique characteristics. PREMIER Hand Cleaner Towels are used for cleaning hands, rather than inadequately wiping them with ordinary shop towels, paper towels, or rags. This is the ideal system for keeping hands professionally clean when soap and water are unavailable.

Features

- » No rinsing, no drying and no residue
- » Portable
- » Durable Towels
- » Quick Drying Time

PREMIER®

Hand Cleaner Towels

What types of soil will PREMIER Hand Cleaner Towels actually remove?

Besides normal dirt and soils, PREMIER Hand Cleaner Towels will remove “Icky-PIC”, heavy grease, lubricants, adhesives, oils, tar, asphalt, inks, wax, coal dust, graphite and grass stains. Soils are absorbed into the patented towel and not re-transferred.

Are They Safe To The User?

PREMIER Hand Cleaner Towels have been tested thoroughly in the field and have undergone independent laboratory testing. They are non-toxic, won't irritate skin and they do not require cautionary statements. PREMIER Hand Cleaner Towels have a flash point in excess of 200°F, and an HMIS flammability rating of one. The polypropylene wiping material and container are fully recyclable (contact your local agencies for details). PREMIER Hand Cleaner Towels are USDA Authorized, and carry an E-4 rating.

Are PREMIER Hand Cleaner Towels Economical to Use?

Yes. PREMIER Hand Cleaner Towels serve as a very economical addition to any work environment. Significant time and labor savings are realized due to on-site, water-free hand cleaning. These benefits mean that this product becomes an extremely effective cost savings tool in relationship to other cleaning options.
